

RIGHT ON® BLUE

NON-STAINING BLUE LIQUID DYE COLORANT

Non-staining blue liquid dye colorant designed to highlight spray application pattern when applying pesticides, fertilizer, and/or growth regulator tank mixes. Right On® Blue helps assure that spray applications are uniform with minimal overlap and avoids missed areas.

KEY FEATURES

- Now in a more concentrated, non-staining formulation
- Can be applied with a hand spray gun, boom or backpack sprayer
- Color response will be temporary on areas applied
